Vortex IT Sales Call

John: Thank you for calling Vortex IT. My name is John. How can I help you today?

Sarah: Hi John, this is Sarah from Global Tech. We are looking to upgrade our company servers. We currently have **300 employees** (three hundred employees) and need a cloud solution that can handle our growth.

John: Great! We have our Enterprise Cloud Package. It costs $2,500 (two thousand, five hundred dollars) per month for up to 500 users (five hundred users).

Sarah: That sounds interesting. What about data storage? Our developers use **millions of gigabytes** of data every month.

John: The base plan includes 2 million gigabytes (two million gigabytes) of high-speed storage. If you need more, it costs $50 (fifty dollars) for every extra terabyte.

Sarah: Perfect. We also need to purchase **150 new laptops** (one hundred and fifty new laptops) for our engineering team. Do you offer bulk discounts?

John: Yes, we do. The standard price for our Pro Laptop is $1,200 (one thousand, two hundred dollars) each. However, for orders over 100 units (one hundred units), we can reduce the price to $950 (nine hundred and fifty dollars) per laptop. That would save your company thousands of dollars.

Sarah: That is a great deal. So, the total for **150 laptops** would be **$142,500** (one hundred and forty-two thousand, five hundred dollars), correct?

John: Exactly! And we will include free shipping, which normally costs $450 (four hundred and fifty dollars).

Sarah: Excellent. Please send me the official contract for **$142,500** plus the **$2,500** monthly subscription fee.

John: I will send it right away. Thank you for your business, Sarah!

Chamada de Vendas da Vortex IT

John: Obrigado por ligar para a **Vortex IT**. Meu nome é John. Como posso ajudar você hoje?
Sarah: Olá John, aqui é a Sarah da Global Tech. Estamos querendo atualizar os servidores da nossa empresa. Atualmente temos **300 funcionários** e precisamos de uma solução em nuvem que aguente o nosso crescimento.
John: Excelente! Nós temos o nosso Pacote Cloud Corporativo. Ele custa **$2.500** (dois mil e quinhentos dólares) por mês para até **500 usuários**.
Sarah: Parece interessante. E quanto ao armazenamento de dados? Nossos desenvolvedores usam **milhões de gigabytes** de dados todos os meses.
John: O plano básico inclui **2 milhões de gigabytes** de armazenamento de alta velocidade. Se precisar de mais, custa **$50** (cinquenta dólares) por cada terabyte extra.
Sarah: Perfeito. Também precisamos comprar **150 notebooks novos** para a nossa equipe de engenharia. Vocês oferecem desconto para compras em grande quantidade?
John: Sim, oferecemos. O preço padrão do nosso Notebook Pro é **$1.200** (mil e duzentos dólares) cada. No entanto, para pedidos acima de **100 unidades**, conseguimos reduzir o preço para **$950** (novecentos e cinquenta dólares) por notebook. Isso economizaria **milhares de dólares** para a sua empresa.
Sarah: É um ótimo negócio. Então, o total para os **150 notebooks** seria **$142.500** (cento e quarenta e dois mil e quinhentos dólares), correto?
John: Exatamente! E nós vamos incluir o frete grátis, que normalmente custa **$450** (quatrocentos e cinquenta dólares).
Sarah: Excelente. Por favor, envie-me o contrato oficial de **$142.500** mais a taxa de assinatura mensal de **$2.500**.
John: Vou enviar imediatamente. Obrigado pela preferência, Sarah!
